Integrated Undergraduate-Graduate

MASTER OF BUSINESS ADMINISTRATION

Earn an MBA with only 18 additional credit hours

Penn State undergraduate students who are majoring in the Bachelor of Science in Business can take advantage of the Integrated Undergraduate-Graduate (IUG) degree program in conjunction with the Master of Business Administration at Penn State Great Valley.

The seamless bachelor's-to-master's degree program allows you to earn both degrees in as little as five years. Great Valley's AACSB-accredited MBA is typically a 33 credit-hour program, but Penn State BSB students qualify for a 3-credit hour exemption and can apply 12 credits toward both your undergraduate and graduate degree requirements. This means that upon graduation from your undergraduate program, you will only need to satisfy 18 more credits to earn your MBA.

This reduction in credit hours allows you to earn a Penn State MBA at a great cost savings. Moreover, IUG students continue to **pay tuition at the undergraduate rate through the entirety of their graduate studies.**

This program features world-class faculty, comprehensive career services, and the ability to specialize your degree through graduate certificates.

HIGH FLEXIBILITY

You can pursue MBA studies at Great Valley on a part-time or full-time basis through two highly flexible delivery options:

- **Low-Residency** includes a mix of synchronous and asynchronous classes delivered remotely with one in-person, one-day residency each semester, held on a Saturday at our campus in Malvern, Pa.
- **Hybrid Delivery** combines flexibility with the benefits of more in-person interaction on our state-of-the-art campus. Courses typically meet half in-person and half online. Some electives are available fully online.

ADMISSIONS

Students typically apply in their junior year. The application deadline for this program is the second week of the semester prior to the semester of expected conferral of the undergraduate degree. For example, if you will graduate from your undergraduate program in the spring, your application to the Graduate School must be submitted by the second week of the preceding fall semester.

All students must have completed at least 60 credits to apply, and transfer students must have completed at least 15 credits at Penn State. GMAT or GRE scores are not required.
